VIISion®

**Signet 30-G0020 Beam Line Shielding Kit
(patent pending)**

Signet's graphite shielding kit for the VIISion® beam line protects the components it shields and decreases down time. The shield kit eliminates both the need to clean the stainless steel components with peroxide and the additional pump down time required after cleaning.

The parts included in the 30-G0020 kit are:

Signet Part	Description
30-G0027	Top Extension
30-G0047	BTM Magnet Cover Plate
30-G0048	Top Magnet Cover Plate
30-G0025	Flange Shield
30-G0028	Rear Source Shield
30-G0026-1	Top Extension Support Plate
30-G0026-2	Top Extension Support Bolt

Ref. = Design Alteration of OEM Part
