◆ VSEA - Varian/Extrion

Why order these when you can order the assembly?

Signet also makes the Improved Extraction Electrode Assembly Kit pictured above. It includes our ground electrode with a replaceable graphite Ion Slot. See Product Data Sheet PDS30-5395-7.

Models CF/DF3000, 350D/DE & 300XP**

Ground Electrode With Pivot Pin Installed

Signet Part Number 37-5395A

Why order both a Ground Electrode and a Pivot Pin and then have to take the time to assemble them? Assembly requires both a drill press to drill the hole for the roll pin and an arbor press to insert the pivot pin. Signet offers the Ground Electrode with the Pivot Pin installed, Signet part number 37-5395A.

| Signet Part # | OEM Part # | Description |
|---------------|-----------------|------------------------------|
| 37-5395A | (not Available) | Ground Electrode w Pivot Pin |
| 37-5395 | F5395001 | Ground Electrode |
| 37-6955 | 6955001 | Pivot Pin |

Ref. = Design Alteration of OEM Part
