## Signet R6000 Cell Divider

**Signet Part 54-6000 Enhanced 1 Piece Cell Divider**

**Signet has the following R6000 cell divider options**

| Signet Part # | OEM PN | Description                     |
|---------------|--------|---------------------------------|
| 55-6000       |        | Cell Divider Assembly (2 piece) |
| 54-6000       |        | Cell Divider, Enhanced 1 Piece  |

Signets part number 55-6000 two piece Cell Divider is offered if easier entry into the chamber area is required (the cell divider can be introduced into the chamber area in two pieces and then assembled into one piece for installation).

A one piece design, part number 54-6000 is offered for applications where easier entry into the chamber is not required. A one piece design is preferred as this adds to the structural strength of the cell divider.

*Signet Products Inc. supplies parts that replace OEM consumable parts. Whenever possible, they are engineered to improve performance and or extend service life. A "Ref." following an OEM part number indicates our part is an improved design related to this OEM part.*
