Veeco GEN 2000

Shutter Blade

GEN 2000 Shutter Blade Signet Part Number 57-0010

The GEN 2000 shutter blade is made of PBN and can be very expensive when purchased from the OEM.

Due to Signet's batch manufacturing process, the Signet GEN 2000 shutter blade is typically a great deal less expensive than those offered by the OEM.

Signet Products Inc. supplies parts that replace OEM consumable parts. Whenever possible, they are engineered to improve performance and or extend service life. A "Ref." following an OEM part number indicates our part is an improved design related to this OEM part.

Ref. = Design Alteration of OEM Part
